Documentation	Quick Start Guides				
100-Word Product Description	The incomparable CORSAIR K100 RGB Mechanical Gaming Keyboard combines stunning aluminum design with per-key RGB lighting and a 44-zone LightEdge. Powerful CORSAIR AXON Hyper-Processing Technology enables unparalleled capabilities such as 4,000Hz polling. CHERRY MX SPEED RGB Silver mechanical keyswitches, guaranteed for 100 million keypresses, offer ultra-fast 1.2mm actuation while registering keypresses up to 4x faster than standard mechanical gaming keyboards thanks to AXON, housed in durable double-shot PBT keycaps. Harness the power of iCUE software to customize an endlessly versatile programmable control wheel, synchronized RGB lighting, and six dedicated macro keys that can execute macros or streaming commands via Elgato Stream Deck software. A magnetic detachable memory foam palm rest offers the comfort to play for hours, while 8MB of onboard storage lets you save up to 200 macro and lighting profiles.				
50-Word Product Description	The incomparable CORSAIR K100 RGB Mechanical Gaming Keyboard combines stunning aluminum design with per-key RGB lighting and a 44-zone LightEdge. Powerful CORSAIR AXON Hyper-Processing Technology enables unparalleled capabilities such as 4,000Hz polling. CHERRY MX SPEED RGB Silver mechanical keyswitches, guaranteed for 100 million keypresses, offer ultra-fast 1.2mm actuation while registering keypresses up to 4x faster than standard mechanical gaming keyboards thanks to AXON, housed in durable double-shot PBT keycaps.				
25-Word Product Description	The incomparable CORSAIR K100 RGB Mechanical Gaming Keyboard combines stunning aluminum design, per-key RGB lighting with powerful CORSAIR AXON Hyper-Processing Technology and CHERRY MX SPEED keyswitches.

**Embargo Date** 

- The CORSAIR K100 RGB is the pinnacle of CORSAIR keyboards, offering the cutting-edge performance, style, durability, and customization that gamers need to stand above the rest.
- The centerpiece of your gaming setup, the CORSAIR K100 RGB boasts a refined design bolstered by a durable aluminum frame, dynamic per-key RGB backlighting, and a 44-zone three-sided LightEdge.
- Powered by CORSAIR AXON Hyper-Processing Technology, enabling CORSAIR's most advanced gaming keyboard
  experience by delivering up to 4x faster throughput with native 4,000Hz hyper-polling and 4,000Hz key scanning, while
  simultaneously driving up to 20-layer lighting effects.
- CHERRY MX SPEED RGB Silver keyswitches provide lightning-fast response times with an actuation distance of just 1.2mm, are guaranteed for 100 million keystrokes, and register keypresses up to 4x faster than standard mechanical gaming keyboards with CORSAIR AXON.
- A programmable iCUE control wheel gives you command over backlighting, media jogging, and more through CORSAIR iCUE software, customizable to perform actions in games and applications.
- Precision-molded PBT double-shot 104/105/108-keycaps\* with a standard bottom row layout resist wear, fading, and shine, with 1.5mm thickness for rigid stability.
- A magnetic, detachable soft-textured leatherette palm rest easily slides into place, cushioned by memory foam for the plush comfort to breeze through hours of gaming.
- Gain an in-game advantage with six dedicated macro keys, fully programmable for complex macros and key remaps, or program special streaming commands through Elgato Stream Deck software.
- Store up to 200 onboard profiles with custom macros, settings, and custom RGB lighting effects on 8MB of onboard storage.
- Powerful CORSAIR iCUE software enables vivid dynamic RGB lighting control, key remaps and macro programming, and full-system lighting synchronization across all iCUE-compatible CORSAIR devices.
- Convenient dedicated media keys and a signature CORSAIR aluminum volume roller let you take command of your media without interrupting your game.
- A USB pass-through port provides convenient access to an additional USB device such as a mouse or headset, with tidy cable routing under the keyboard.
- \* Number of keys varies by region.
- You've Reached the Top: The CORSAIR K100 RGB is the pinnacle of CORSAIR keyboards, offering the cutting-edge
  performance, style, durability, and customization that gamers need to stand above the rest.
- The Centerpiece of Your Setup: The CORSAIR K100 RGB boasts a refined design bolstered by a durable aluminum frame, dynamic per-key RGB backlighting, and a 44-zone three-sided LightEdge.
- Powered by CORSAIR AXON Hyper-Processing Technology: CORSAIR's most advanced gaming keyboard
  experience delivers up to 4x faster throughput with native 4,000Hz hyper-polling and 4,000Hz key scanning, while
  simultaneously driving up to 20-layer lighting effects.
- CHERRY MX SPEED RGB Silver Keyswitches: Offer lightning-fast response times with an actuation distance of just 1.2mm, are guaranteed for 100 million keystrokes, and register keypresses up to 4x faster than standard mechanical gaming keyboards with CORSAIR AXON.
- Multi-Function at Your Fingertips: Take command over backlighting, media jogging, and more with a versatile iCUE control wheel, fully programmable to perform actions in games and applications.
- PBT Double-Shot 104/105/108-Keycap Set\*: A precision-molded keycap set with a standard bottom row layout resists wear, fading, and shine, with 1.5mm thickness for rigid stability.
- Magnetic Detachable Leatherette Palm Rest: Easily slides into place, with a soft-textured surface and memory foam
  cushioning for the plush comfort to breeze through hours of gaming.
- Six Dedicated Macro Keys with Elgato Stream Deck Software Integration: Fully programmable for complex macros and key remaps, or program special streaming commands through Elgato Stream Deck software.
- 8MB of Onboard Storage: Store up to 200 onboard profiles with custom macros, settings, and custom RGB lighting
  effects with up to 20 lighting layers.
- Powerful CORSAIR iCUE Software: Enables vivid dynamic RGB lighting control, key remaps and macro
  programming, and full-system lighting synchronization across all iCUE-compatible CORSAIR devices.
- **Dedicated Media Keys and Volume Roller:** Convenient media keys and a signature CORSAIR aluminum volume roller let you take command of your media without interrupting your game.
- USB Pass-Through Port: Provides convenient access to an additional USB device such as a mouse or headset, with tidy cable routing under the keyboard.
- \* Number of keys varies by region.
