

## GEAR UP FOR COMBAT

The MS111 is a fully-featured combo set engineered for gaming success. The keyboard has the signature Cooler Master features, with exclusive linear Mem-chanical switches for greater responsiveness than normal membrane keys. Toss in an equally decked out mouse with precision sensor, side buttons, and DPI presets, the MS111 is pure function and finesse that's there for you when you need it the most.

## FEATURES

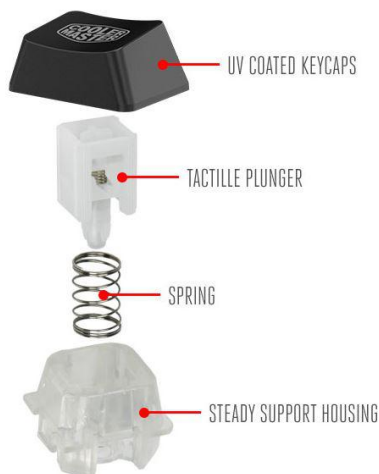

- **Clean, Floating Key Design** - Sleek stylings for classic good looks and convenient maintenance
- **Mem-chanical Switches** - Exclusive linear switches that provide more responsiveness than membrane switches
- **On-the-Fly Controls** - RGB lighting, windows lock and multimedia controls via function key makes customization simple without the need for bloated software
- **Gaming Grade Optical Sensor** - Adjust your DPI on-the fly with five programmed levels (500, 1000, 2000, 3500)
- **Ergonomic Shape** - Right-handed optimization with new coating for increased comfort and durability
- **RGB Lighting** - Surrounding lightbars and 6-zone RGB illumination on the keyboard with 2-zone RGB on the mouse to illuminate your victories
